Webutvikling: NTNU.

Teacher assistant: Melhus adult
education school.

Night watchman: Pstereo Festival.

Voluntary work: Loddgårdstrøa,
Melhus.

Serving food: TT Mat As.

Karim Shlal

Master in ACIT with a specialization in Artificial Intelligence (AI).

SUMMARY:

I am currently pursuing a master's in Applied Computer and Information Technology (ACIT) with a specialization in Artificial Intelligence (AI). My background includes IT support, DevOps engineering, and cloud infrastructure. With a passion for continuous learning and problem-solving, I excel as a collaborative team member. I seek opportunities with innovative organizations to drive cloud technology advancements, enhance AI, and optimize infrastructure systems.

WORK EXPERIENCE

[Project Coordinator for FutureHome AS & Telia As] [2019] - Now
As a Project Coordinator for fire alarm systems, I manage timelines, coordinate teams, and ensure compliance while developing Smart Home Systems with features like automated lighting and security.

[Development system for Gaula centre] [2018] - [2019]
At Gaula Centre, I developed systems to boost operational efficiency by designing custom solutions and optimizing performance while ensuring smooth integration with existing infrastructure.

[Backend Developer at Learningmoment.tech] [2017] - [2018]
As a Backend Developer at Learningmoment.tech, I used PHP, Laravel, and MySQL to develop and maintain backend systems, optimize database interactions, and enhance performance. I also created responsive applications, implemented RESTful APIs, and managed troubleshooting and deployments.

COURSE

- **Microsoft Azure Fundamentals** - Microsoft. [2023]
- **Microsoft Azure Administrator (Associate)** - Microsoft. [2023]
- **App "transportere Multimedia gjennom nettverk"** Ubuntu network & data transfer,encryption protocols. - Tishreen. [2014]

INTERESTS

- **Cricket:** Represented at the Under-14 district level, emphasizing teamwork, discipline, and competitive spirit.
- **Cloud Technologies:** Keen on exploring the latest trends in cloud computing, attending webinars, and engaging in cloud-centric forums and communities.
- **Bike Riding:** Enthusiastic about group rides, valuing the camaraderie and adventure of the open road.
- **Gadgets:** Always on the lookout for the latest tech gadgets, appreciating innovation and advancements in technology.

COURSE

- Automating a deployment platform.
- Development Environment Deployment.
